

Thanks for requesting a Floating Playaway!

This item will stay at your library until another library requests it. You may add it to your local catalog, or just have it out for browsing.

The Playaway will need one AAA battery and headphones/ earbuds; it's up to your library whether or not you provide those to the customer.

When another library requests it from you on KICNET, the holder in the KLC will change to that library as soon as you say SHIPPED.

To see all the Floating Playaways available, search the Kansas Main Catalog for 'floating playaway' in either All Headings or Notes.

Enjoy!
